

# ALEXANDROS INCORPORATED

*BUILDING A BETTER TOMORROW TODAY*

## KEY FACTS

- **PATENTED SERVICE:** Our chemical decontamination process is **PATENTED** in the United States of America and recognized globally. Our mechanical API enhancer is **PATENT PENDING** in the United States of America and will be recognized globally.
- **PROVEN TRACK RECORD:** Our decontamination process is successfully implemented in over one hundred twenty (**120+**) energy drill sites. We recently **SUCCESSFULLY COMPLETED A DECONTAMINATION PILOT PROGRAM** for America's Largest Private Continuous Energy field (**AMERIDEV II, LLC.**) whereby we decontaminated **SULFUR, CO<sub>2</sub>, and H<sub>2</sub>S** in their **SALE OIL** to a **ZERO (0) LEVEL** and consistently maintained **SULFUR RATES BELOW** the international regulated **SULFUR RATE** of **0.5%**.
- **NO HEAT:** We utilize **NO HEAT** in our decontamination process.
- **NO FEEDSTOCK DILUTION:** There is no dilution of feedstock with our decontamination process.
- **SCALEABLE:** Our decontamination can be scaled up and/or down to accommodate any project size.
- **MARITIME TRANSIT DECONTAMINATION:** Our decontamination process is applicable to decontaminating heavy oil and/or fuel oil on board maritime vessels in transit.
- **STRATEGIC IMPORTANCE:** Our decontamination process aims to **CLEAN** domestic and global **ENVIRONMENTS**, **LOWER GAS PRICES**, **STABILIZE** the domestic and global **SUPPLY CHAIN**, **LOWER** domestic and global **INFLATION**, **AVERT** a domestic and global **DEPRESSION**, and **DIMINISH RELIANCE** on the **RUSSIAN FEDERATION'S** and/or the **ISLAMIC REPUBLIC of IRAN'S ENERGY SUPPLIES**.
